

Lâmina de Serra P10 Sawblade P10

Aplicação

Lâmina de serra para corte transversal com ótimo acabamento de madeiras natural, tropical e painéis chapados de um só lado. Para corte com acabamento ótimo de molduras e médio de fórmicas.

Application

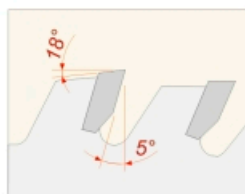

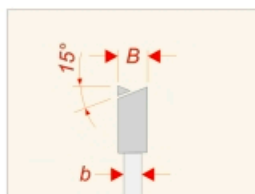

Sawblade for cross cutting with excellent finish on hardwoods, woods and laminated panels on one side only. For cutting with medium finish formica sheets.

Características / Features

Modelo Model	D	B/b	d mm	Z	Silenciosa Quiet operation
P10250	250	3,2/2,2	30	80	FP 10250
P10300	300	3,2/2,2	30	96	FP 10300
P10350	350	3,2/2,2	30	108	FP 10350

Especificações Técnicas / Technical Data

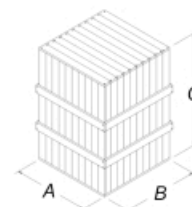

Volume: 0,0002 m³ (0,0071 ft³)

A = 130mm (5,12")

B = 70mm (2,76")

C = 25mm (0,98")

0,54 Kg (1,19 lb)

Lâmina de Serra P10/PT Sawblade P10/PT

Aplicação

Lâmina de serra para corte com ótimo acabamento de aglomerado chapado com melanina em ambos os lados.

Application

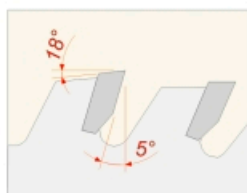

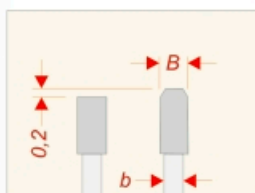

Sawblade for cutting laminated panels on side only, chipboard and plywood.
